Jordan Jones 6'6" F/Wing

DBI SPORTS MANAGEMENT

Jordan Jones **W/F** **6'6" (1.98m) / 210lbs (95kg)**

Life Pacific Univ. '24

Jordan is very athletic left handed wing player who is a very good two-way player, who's able to score from both the perimeter and in the paint, and able defend all 5 positions on the other end of the court. He is a 3 /4 guard, wing, and slasher with perimeter skills and creates mismatches at either position he plays. He is also able to attack the basket off the dribble to create scoring opportunities for himself or others. His passing and court vision make him an very good "point forward" and he is comfortable running the offense as well as playing out of it.

He led LPU in FG%, Rebounding, Steals & blocks.
